

High-speed broadband arrives in your area

As part of the Superfast Worcestershire programme, **fibre-enabled cabinets are now live and ready to take orders in your parish or will be very soon** as shown in the list below.

This means that more residents and businesses in the parish will be able to request an upgrade to fibre-enabled broadband from a range of Internet Service Providers (ISPs). In most cases, this means that residents can select a product offering download speeds above 24Mb/s following infrastructure upgrades made via the Superfast Worcestershire programme.

The aim of the multi-million pound programme, funded by Worcestershire County Council, Broadband Delivery UK (BDUK) and BT, is to provide access to fibre-enabled broadband where this is not commercially viable without public sector investment.

How to access

Please note that improved broadband services are **not** turned on automatically. To access fibre-enabled broadband, please contact your chosen ISP or use comparison sites to find available packages. There is an example list of ISPs on the Superfast Worcestershire website:

<http://www.superfastworcestershire.com/broadband-providers>

If you contact your choice of ISP, please state that you wish to order 'fibre-enabled / superfast broadband,' otherwise they may offer you a slower broadband service. Your chosen ISP should be able to offer any technical assistance to access fibre-enabled / superfast broadband.

What to expect

It is also important to note, that not all premises within a postcode area will necessarily be able to order superfast speeds (above 24Mb/s). Premises will be able to access a range of speeds – some will get superfast broadband and others will be able to get anywhere between 2Mb/s and 24Mb/s, depending on their distance from the cabinet.

There may also be other cabinets in your area that have yet to be planned, have recently become live or have been installed by BT Openreach as part of its commercial deployment. Please check the following website to see up-to-date details for any postcodes in your area:

<http://www.superfastworcestershire.com/when-where>

Key

"Live now" = Cabinets accepting customer orders for Superfast Broadband

"Coming soon" = Cabinets that we expect will be accepting customer orders for Superfast Broadband by June 2016
